32-1 Policy.....	1
32-2 PROCESS.....	1

32-1 Policy

Past performance information is relevant information, for future source selection purposes, regarding a contractor's actions under previously awarded contracts. Past performance evaluations shall be prepared at the time the work under the contract or order is completed. Additionally, interim evaluations shall be prepared as discussed in the ACASS and CCASS Policy Guides identified below, as supplemented by any local procedures, to provide current information for source selection purposes, for contracts or orders with a period of performance, including options, exceeding one year.

In accordance with FAR 42.1502(f), Past performance evaluations shall be prepared for each architect-engineer services contract of \$30,000 or more, and for each architect-engineer services contract that is terminated for default regardless of contract value. Past performance evaluations may also be prepared for architect-engineer services contracts below \$30,000. In accordance with FAR 42.1502(e), Past performance evaluations shall be prepared for each construction contract of \$650,000 or more, and for each construction contract terminated for default regardless of contract value. Past performance evaluations may also be prepared for construction contracts below \$650,000.

32-2 PROCESS
